

INTERIOR & EXTERIOR PROFESSIONAL PAINTING SERVICE

SINCE 1994

PAINTED Aluminum and Vinyl (siding, soffits, fascia, eaves) Give your aluminum and vinyl a fresh new look!

Although Aluminum Siding Is A Low-Maintenance Building Material, That Doesn't Mean That It's No-Maintenance.

The bad news is, as many people have found out, there are some problems that are inherent with this type of product. First of all, the coating that is baked on the surface to add color to the siding has the same issues that cheap latex paints have, it chinks and fades like crazy.

So what do you do when it's time to freshen up the exterior of your home? What about painting aluminum siding? Can you paint it or do you have to replace it with new?

The good news is that, when properly prepared, paint sticks very well to aluminum siding. Painting your home is much cheaper than replacing your siding.

Renew your old aluminum or vinyl or create fresh new look with a colour change !

The Process

Cleaning - Any chalking and/or mildew on the surface must be removed so that the new coating can properly adhere. A pressure washer is used to wet the surfaces and then we hand clean everything and rinse away the dirt. We use a mild house wash with just a touch of bleach so we can remove the dirt and still be friendly on your gardens and lawn.

Drying - We let the siding dry. The preparation and painting does not start until everything is completely dry, sometimes it takes a couple of days before we can apply the paint.

Painting - Applying the finish coats. **Benjamin Moore's high-quality 100% Acrylic** paints are applied directly over aluminum or vinyl without the need for a primer. This top quality paint will give you many years of protection, beauty and durability all backed by our **2 Year Written Warranty**. The paint can be washed regularly and will last almost as long as the original baked on coating. The best part about re-painting your siding is that you can choose any colour you like. We offer a **Free Colour Consultation** giving you professional advice for guaranteed results.
